

## STARTING A NEW SIFE TEAM:

### REQUIREMENTS TO BE FULFILLED BEFORE APPLICATION WILL BE TAKEN INTO CONSIDERATION

SIFE teams are campus-based and all accredited higher education institutions (universities and hogescholen) in the Netherlands are eligible to apply for the startup of a SIFE team. Applications should be directed at SIFE The Netherlands. When all below requirements are fulfilled, SIFE The Netherlands takes applications into consideration. The SIFE trademark can be used only after the SIFE Memorandum of Understanding has been signed by both the respective higher education institution and SIFE The Netherlands.

1. The potential new SIFE team should consist of at least 10 motivated students, including students that will take board positions, and a recruitment plan to attract more members should be developed. The group should consist of at least two Dutch students
2. The potential new SIFE team should have contracted at least one motivated Faculty Adviser (a professor/teacher/administrator employed by the higher education institution). This Faculty Adviser should officially be recognized by SIFE The Netherlands
3. Rector/dean/administration is aware of SIFE and support the startup of a SIFE team.
4. The potential SIFE team should be able to show a team model (organizational structure including board) and present a plan to prove sustainability of the SIFE team in the long run
5. There should be one student identified to become the SIFE Team Leader
6. The potential SIFE team should have developed at least two project ideas which are in line with the SIFE judging criteria and SIFE core concepts

Applications can be send to:
